

CINEMA & SCREENING ROOM FACT SHEET

A two-level cinema featuring state-of-the-art technology extends from the Arts & Entertainment Concourse on the Lobby Level of Hotel X Toronto to the second floor, with 250 stadium-style seats. The Cinema was designed as the ideal venue for screenings and corporate retreats and provides a compelling space to host memorable meetings and exceptional events. Outside the realm of corporate meetings and social events, the Cinema at Hotel X Toronto is destined to become a hot spot for Toronto's flourishing film and entertainment industry, and can also be used for exclusive gatherings such as sports team drafts, press conferences, inspiring keynote presentations, interviews, and panel discussions. Also featured in the Arts & Entertainment Concourse is 56 seat Screening Room, ideal for business presentations, product launches or intimate private viewings. The Cinema and Screening Room audio visual equipment is proudly managed exclusively by our in house audio visual partner, PSAV.

MOVIES IN THE SCREENING ROOM

When the Screening Room is not in use for a private event, registered guests of Hotel X Toronto and Ten X Toronto members are welcome to enjoy a complimentary movie with popcorn on the big screen during their stay. The planned movie schedule can be viewed on the hotel's online [events calendar](#). There is usually a family friendly movie and a date night movie selected to play every Thursday-Sunday. If you have any special requests or inquiries, please contact Hotel X Toronto's Concierge Team at Concierge@HotelXToronto.com as they would be delighted to be of service.

RECOMMENDED AUDIO VISUAL SUPPLIER

PSAV is the exclusive in-house audio-visual provider for Hotel X Toronto and the exclusive audio-visual provider for the Cinema and Screening Room. Any and all audio-visual requirements must be arranged solely through them for these spaces.

Hotel X Toronto strongly recommends PSAV services to our clients to optimize our meeting rooms' exceptional capabilities, however, should a group decide to bring their own audio-visual equipment or supplier, a charge of \$1500.00 will apply. In addition to this, mandatory power charges will apply and be quoted at the discretion of PSAV on behalf of the venue. All built-in audio-visual equipment in our meeting space is for the exclusive use by PSAV, and since the floor panels and wall panels correspond with the built in AV systems at Hotel X Toronto, these cannot be used by any other AV providers. Unauthorized use of these panels will result in the request of immediate removal of all cables and equipment plugged into these panels and/or applicable fees, no less than the minimum power charges, less labour, of \$125 per panel. Additionally, we ask that all equipment and cables being brought in are equipped with proper grounding and shielding and meet the provincial electrical standards. All power cables (including power bars) will require immediate removal/disposal should they have missing or compromised grounding pins.
